### **DETAILED ACTION**

1. Claim 15-18, 23-25, and 28 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The claims introduce new matter into the disclosure. The added material which is not supported by the original disclosure is as follows:

a. the phrase “simultaneously foaming and thermoforming the partially desorbed plasticized thermoplastic material...simultaneously foaming and thermoforming” (cl 15, lns 17-19) lacks support in the instant disclosure. The instant disclosure recites foaming, cooling, and then thermoforming. There is no support for simultaneously foaming and thermoforming.

Correction is required.
